# ABOUT US

Our company has existed since 1998. First as a craft shop, "WOOD-Stil" and since 2011 has grown into "Pino Art" Ltd., a company that over the past 22 years has gradually positioned itself in the Serbian market and expanded its business to the entire Balkan region and beyond across Europe.

*In a short-period time, we managed to grow into a company with a recognizable name and product range.*

*Since the beginning we have been continuously and gradually grown together with our professional and creative staff. With modern technology, we offer simple solutions, elegant design and user friendly products. With our experience and knowledge, we are setting innovative trends in the bathroom furniture production market, which makes us one of the leaders in the field.*

*Thanks to the great engagement of our management and all employees, we managed to place products on the Western Europe market where we today export 40-50% of the entire production.*

*In the coming period, we plan to enrich the offer with new product lines, improve existing production and conquer new markets.*

*In nature, nothing is perfect  
and everything is perfect.  
Trees can be contorted, bent  
in weird ways, and they're  
still beautiful.*

A close-up, low-angle shot of a modern white bathroom vanity. The vanity features a white ceramic sink with a sleek, chrome faucet. On the left side of the sink, a neatly rolled white towel is placed. In the center, a square, dark-colored soap dispenser sits on the countertop. To the right of the faucet, a blue, textured cylindrical object, possibly a soap holder or brush, is visible. The lighting is soft and directional, coming from the left, which creates a bright glow on the left side of the vanity and casts gentle shadows on the right. The overall aesthetic is clean, minimalist, and contemporary.
